TARALAY IMPRESSION & UNI

ULTRA-REALISTIC DESIGNS:

New embosses and new plank dimensions
for wood designs

MATT EFFECT

EXTREME STAIN RESISTANCE, EASY MAINTENANCE:

Protecsol® 2 surface treatment
(patented technology by Gerflor)

HIGH TRAFFIC RESISTANCE, LONG-LASTING APPEARANCE

Available with a 0.7mm wearlayer and available
with a 0.9mm wearlayer upon request
(minimum order quantity of 1600 sq.m)

THE BEST ACOUSTIC / INDENTATION PERFORMANCE ON THE MARKET

COMPACT : 0,03 mm / 8 dB

COMFORT : 0,08 mm / 19 dB (Uni: 17 dB)

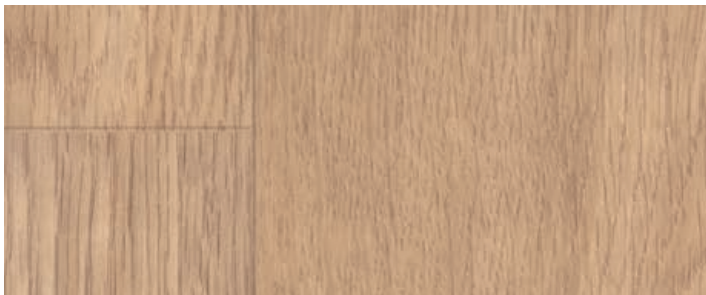

ECO-RESPONSIBLE SOLUTION

Best in class for indoor air quality
(TVOC < 10 µg/m³ after 28 days)

TARALAY IMPRESSION COMFORT

TARALAY IMPRESSION COMPACT

TARALAY UNI COMFORT

TARALAY IMPRESSION COMFORT

TARALAY IMPRESSION COMFORT is an acoustic multi-layered vinyl floor covering, available in 2m wide sheets, with a group T wear rating.

The product comprises a Very High Density (VHD) foam backing reinforced with glass fibre and a printed design that is protected by a transparent wearlayer (0.65 mm thick). **It offers 19 dB sound insulation and an indentation resistance of 0.08 mm.**

TARALAY IMPRESSION COMFORT is treated with **PROTECSOL2®**, a UV-cured surface treatment, which facilitates maintenance and significantly reduces maintenance costs (less use of water and detergent).

It is a patented surface treatment obtained by UV laser cross-linking, offering the best chemical resistance to the main

products used in healthcare environments, such as betadine, eosin and hydro-alcoholic solutions, making maintenance easy and the floor long-lasting. This treatment means that applying any acrylic emulsion (metallisation) over the lifetime of the product is unnecessary.

It is free from formaldehyde, heavy metals and CMR 1 & 2 or vPvB (very persistent and very bio-accumulative) or PBT (persistent, bio-accumulative and toxic) substances, and is REACH compliant.

Its VOC emissions after 28 days (ISO 16000-6) are below detection levels ($<10 \mu\text{g}/\text{m}^3$), and this product is classified A+ (the best class).

TARALAY IMPRESSION COMPACT

TARALAY IMPRESSION COMPACT is a multi-layered vinyl floor covering, available in 2m wide sheets, with a group T wear rating.

The product comprises a compacted backing reinforced with glass fibre and a printed design that is protected by a transparent wearlayer (0.70 mm thick). **It offers 8 dB sound insulation and an indentation resistance of 0.03 mm.**

TARALAY IMPRESSION COMPACT is treated with **PROTECSOL2®**, a UV-cured surface treatment, which facilitates maintenance and significantly reduces maintenance costs (less use of water and detergent).

It is a patented surface treatment obtained by UV laser cross-linking offering the best chemical resistance to the main

products used in healthcare environments, such as betadine, eosin and hydro-alcoholic solutions, making maintenance easy and the floor long-lasting. This treatment means that applying any acrylic emulsion over the lifetime of the product is unnecessary.

It is free from formaldehyde, heavy metals and CMR 1 & 2 or vPvB (very persistent and very bio-accumulative) or PBT (persistent, bio-accumulative and toxic) substances, and is REACH compliant.

Its VOC emissions after 28 days (ISO 16000-6) are below detection levels ($<10 \mu\text{g}/\text{m}^3$) and this product is classified A+ (the best class).

TARALAY UNI COMFORT

TARALAY UNI COMFORT is an acoustic multi-layered vinyl floor covering, available in 2m wide sheets, with a group T wear rating.

The product comprises a Very High Density (VHD) foam backing reinforced with glass fibre and a calendared wearlayer (0.65 mm thick). **It offers 17 dB sound insulation and an indentation resistance of 0.11mm.** It has a plain coloured design, making it ideal for cut design work.

It is protected by a UV-cured ProtecSol® surface treatment, which facilitates ease of maintenance and permanently eliminates the need for an acrylic emulsion (metallisation).

It does not contain any heavy metals or CMR 1&2 substances and it is 100% REACH compliant. The product emission rate of volatile organic compounds is $<10 \mu\text{g}/\text{m}^3$ (TVOC after 28 days – ISO 16000 -6). It is 100% recyclable.

(1) For lifetime sustainable wet resistance, please refer to Tarasafe ranges.

(2) Regarding the resistance to chemicals, please download the corresponding leaflet from our website.

(3) The implementation of an effective cleaning regime is the best defence against infection.

NOTES

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins or other markings on the paper.
