

DESCRIPTION			
Description	-	-	Welding rod for hot welding to ensure a watertight connection between two linoleum rolls
Installation	-	-	Hot welding. For a better weld, use an adapted nozzle
Weight	-	g/lm	12.4
Shore D	NF EN ISO 868	-	38 +/- 3
Diameter	-	mm	4 +/- 0,2
Packaging	-	Units / box	1 spool – 60m (+1 or -0)
Colors available	-	-	See Gerflor website and brochures
Product code uni welding rods	-	-	R897
Product code camouflage welding rod	-	-	R898
PERFORMANCES			
Strength at break	EN ISO 527R	MPa	>5
Elongation at break	EN ISO 527R	%	>70
Melting range	ISO 11357-2	°C	60-120
