

**DESCRIPTION**

General description			Internal and external doorframe protection to avoid finger injuries.
Material			Elastomer + aluminum rail
Number of spires			Internal : 7 External : 3
Shore			65 – Sh A
Weight (kit)		kg/lm	1.47
Width		Mm	170 (7 spires profiles) 70 (3 spires profile)
Length		lm	1,40
Surface			smooth

**CLASSIFICATION**

Fire reaction	NFP 92 – 507	class	M2
---------------	--------------	-------	----

**PERFORMANCE**

Internal deformation (7 spires profile)		mm	150 to 190
Compression (3 spires profile)		mm	20 to 80
