

Definition/ Property

TARACLEAN is a formulation of high efficiency organic solvents to removes stubborn stains and traces (resin) on TARAFLEX.

TARACLEAN can be used on residual traces after carrying out the cleaning protocol for TARAFLEX Sports Flooring

Implementation

Shake the aerosol well before use, spray in thin layers about 30 cm from the surfaces to be cleaned.

Leave to act for a few minutes (max 10min) depending on the nature and age of the stains. Wipe off with a white cloth and rinse.

As a precaution, carry out a preliminary test.

Do not apply TARACLEAN to painted coverings as this may alter or completely erase this hinge.

Do not allow the product to dry on the floor.
