

DECOCARE

▶ HAND HYGIENE PANEL

Applications

Decocare hand hygiene panels combine a public health message with effective protection of the walls above sinks.

The educational pictograms are easy to understand and encourage good hand hygiene in order to limit the spread of hand-borne germs.

The panels provide decorative wall protection and can be installed in all wet rooms to spell out the hand washing routine. They can also be customized with your logo or other text.

Description

- Model: Decocare hand hygiene panel
