

<b>DESCRIPTION</b>			
General description			Variable angle adhesive corner protector
Angle		°	variable
Wing width		mm	60
Thickness		mm	2
Weight		kg/lm	0.37
Length		lm	1,30 / 2,00 / 4,00
Surface			covered with a film in order to protect the profile until the end of the project
<b>CLASSIFICATION</b>			
Fire reaction	EN 13 501-1	class	B-s2,d0
	NFP 92 – 507	class	M1
<b>PERFORMANCE</b>			
Chemicals resistance			Anios compliant
anti-bacterial activity (E. coli – S. aureus – MRSA) (1)	JIS Z 2801	-	> 99% inhibits growth
TVOC emission	EN 16000-6	after 28 days	< 100µg/m3

(1) The implementation of an effective cleaning method is the best defence against infection.
